Focus on Your Business.

Strength of Experience

Building on 20+ years of sourcing & inventory management to filtration manufacturers, Safety Supplies International brings valuable expertise in high-quality safety and personal protective equipment to each partnership as a full-service supply chain partner.

Customer Focused

Continuous ownership & management throughout SSI's growth, allows us to bring deep industry knowledge and experience to address our clients most pressing needs.

Supply Chain Services

The challenges and opportunities created by a global sourcing economy are met effectively through our strong history of expertise across managing sourcing, inventory, materials, vendors, and risk.

Core Values

Handle each transaction with a sense of **urgency**.

Deliver products & services, on time, with **attention to detail**.

Partner and communicate with our customers & suppliers on all needs, expectations & issues.

Strive to meet & exceed expectations

Anticipate & resolve issues before they become problems.

Delivering Value

- **Reduce Total Cost of Ownership** through price leverage, efficiency, & lower overhead.
- **Simplify Materials Management** by reducing logistics complexity.
- **Focus on Core Competencies** enabling you to do what you do best & grow your business.

SSI supply chain services create a partnership for success, so you can focus on growth, stability & quality.
